Grafik Trenz Opens Shop in Smithfield

SMITHFIELD, VA – Grafik Trenz, a full-service sign and screen printing shop, is now open for business at 1012 South Church Street in Smithfield. Owner/Operator Anna Chapman established the business in 2003 and has 20 years of experience in the field.

Grafik Trenz offers full color digital printing and creates custom banners, real estate signs, job site signs, yard signs, stickers, decals, vehicle lettering, sports uniforms, t-shirts, business cards and corporate letterhead.

Chapman incorporated screen printing into the business because “no job is too large or too small. That’s why there is never a minimum order on screen printing t-shirts,” said Chapman. “We know not every business needs 24 shirts for their one or two man crew.”

The shop expanded and relocated from its former location in Suffolk to better service its clientele. Isle of Wight County Economic Development assisted the business in the process and is pleased to welcome them to our small business community.

The hours of operation are Monday – Friday 9 a.m. to 5 p.m. Contact Grafik Trenz at: 757-539-0141, E-mail: grafiktrenz@gmail.com or find them on [Facebook](#).
